

Freshen My Home: Pre-Cleaning Checklist

To help us provide you with the best possible service, please take a few minutes the evening before your Fresh Pro arrives to go through this quick checklist. This ensures everything is ready for your scheduled freshening, and helps us keep things smooth and efficient.

1. **Place the Key**
 - Make sure the key is placed in the spot you indicated during your signup process. This allows your Fresh Pro to enter your home easily and get started right away.
2. **Pet Safety**
 - If you have dogs or other pets, please secure them in a safe area where they won't be disturbed by the freshening process. This ensures their safety and allows our Fresh Pros to work without interruptions.
3. **Vacuum Ready**
 - Please leave your vacuum cleaner in an easily accessible spot with an empty bag or canister. This helps us get right to work on making your floors fresh and clean.
4. **Clear the Floors**
 - Ensure that the floors you want freshened are clear of any items like shoes, socks, clothes, blankets, or toys. Our Fresh Pros do not move furniture or pick up items before vacuuming and mopping, so this step helps us provide the most thorough freshening possible.
5. **Secure Valuables**
 - While we treat your home with the utmost care, we recommend securing any valuable or fragile items that you wouldn't want disturbed during the freshening process.

Thank you for taking these steps to prepare your home! We're excited to freshen up your space and give you one less thing to worry about. If you have any questions or need to update any details, please reach out to us at freshvibes@freshenmyhome.com.

Looking forward to helping you enjoy a fresher, cleaner home!
